

Dear Students and Parents,

We are looking forward to a school year filled with excitement, independence and rigor. We are eager to meet all of our new students this coming school year.

There will be many opportunities for independence and collaboration throughout all parts of the 4th grade curriculum that will be infused with technology and student led discussions. We communicate often using tools such as BAND and Class Dojo.

We look forward to having a memorable and productive year with your child in our classes. Parental involvement on many different levels is essential to success in 4th grade. Working as a team is the #1 way to have a successful year.

We can't wait to see all the pictures of your well-deserved summer break! See you in August.

Sincerely,

The Fourth Grade Team
