

WORLD OF ARTS

ART ADVENTURE

Another art adventure is currently being designed and will be announced in the future.

WEEK WITHOUT WALLS 2024

NSU: ART ON THE MOVE

Interactive museum tours expose students to art, helping them develop critical thinking, problem-solving, empathy, and teamwork skills. Through observations, discussions, and hands-on activities, students learn to recognize mediums, materials, and the artistic process. These activities foster an appreciation for how elements come together to express emotions and ideas and enable an understanding of artists' intentions. Attendees will learn visual thinking strategies, communication techniques, and new vocabulary for evaluating artwork.

TIGERTAIL LAKE RECREATION CENTER

At Tigertail, students will participate in a ropes course, an aqua course challenge, and team-building activities. Students will climb 40-foot towers and reach new heights! Participants will climb and traverse sections of a unique lily pad-style ropes course, conquering fear and feeling the support of their classmates at all times. Safety gear, including a harness and helmet, is provided and belaying is managed by experienced, certified professional facilitators to ensure the highest level of safety. The Aqua Challenge is a brand-new water obstacle course and playground, featuring 8 challenging elements. Learning to work together and communicate well are essential skills. Participants will explore the fundamental concepts of teamwork in a fun, lighthearted but challenging environment through a variety of “games” and initiatives designed to keep them learning.

COMMUNITY IMPACT

As part of the Week Without Walls program, every student at Sagemont Prep will participate in a day of community service. Middle and High School students will have the opportunity to either lead a beach cleanup or volunteer at a food pantry. The school's mission highlights the significance of making a positive impact on the community.

ON STAGE

Another theater adventure is currently being designed and will be announced in the near future.
